KMCT COLLEGE OF NURSING

Recognized by Indian Nursing Council & Kerala Nurses and
Midwives Council & affiliated to Kerala University of Health Sciences

KMCT College of Nursing provides ample opportunities for its students to nurture and showcase the innovations and entrepreneurship skills via its Innovation and Entrepreneurship Development Centre (IEDC). The IEDC was formulated to promote innovation and entrepreneurial culture in educational institutions and to develop institutional mechanism to promote innovation and entrepreneurship among students. IEDC plays a major role in identifying the potential entrepreneur, right from the college level. IEDC has a nodal officer, assistant nodal officer and 10 different leads which is head by students. College has been awarded 2 lakh grants from KSUM to develop the innovation ecosystem in our institution. IEDC has conducted Boot Camp for Startups – by Carve Start up Labs. The students and faculty are also motivated to take active participation in other college IEDC activities. Institution has research committee to uplift the research activities. We have enrolled in Young innovators programme (YIP) under Kerala Development and Innovation Strategic Council. The program's goal is to provide future innovators with the tools they need to create new goods, services, or business models that more effectively address developing societal needs and unmet market demands. To incubate the ideas and innovations that are developed by YIP, IEDC our institute has formed KIIC (KMCT Innovation and Incubation Council). KIIC has been enriched by 3D printers, a conference hall and space and facility for incubation. We welcome ideas from everyone who is a part of our campus, may it be students, teaching faculty, office staff, clinical/lab assistant staff, technical staff etc.
