KMCT COLLEGE OF NURSING

Recognized by Indian Nursing Council & Kerala Nurses and
Midwives Council & affiliated to Kerala University of Health Sciences

To have a better approach for the near future KMCT College Of Nursing made a few strategic plans to bring out the best of the college performance by indulging in student care, development not forgetting the development for the teaching and non-teaching staff.

GOAL 1

The main goal of this strategy is to deliver quality education to our students and maintain advanced educational programs in all specialities and clinical disciplines by providing evidence based knowledge in both theoretical and clinical aspects. A special attention on providing quality care by applying critical thinking skills and evidenced based practice.

An overall development will include entrepreneur skills which will include awareness of social responsibility along with emphasis on ethics in clinical practice and professional values in both patient care and academics. Importance of nurturing lifelong learning and advanced technology and methods

Things implemented

- Implementation of competency-based education done from 2023
- Started to use IT enabled class rooms, innovative teaching methods like skill labs etc
- Started using learning management system, MOODLE
- Use of the software “Campus Medicine” for monitoring all students activities is implemented.
- Community outreach activities with health care camps and family adoption programs for undergraduates

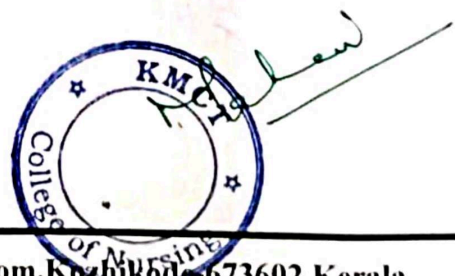

GOAL2

Research in the field of nursing care, infection control. more opportunities in the national and international research collaboration to be encouraged.

The students will be provided with opportunities for research. The various establishments namely, Government, non-government organization, the industrial and corporate partnerships and private foundation. More opportunities in national and international research collaboration will be encouraged.

Things implemented

- IEDC started in tune with the vision of the institute
