FEEDBACK AND ACTION TAKEN ANALYSIS REPORT

The feedback analysis committee designed and collected feedback from different sectional of stakeholder of the institution with the aim to monitor and evaluate the performance and to take remedial measure of as and when required for the betterment of quality of the service provided by the institution and the maintenance of standard of nursing education provided.

The feedback collected from Students, Teaching faculty, Professionals, Alumni and employers about aspects of the curriculum it's applicably targets for different stakeholders.

Students addressed the curriculum and implementation, usefulness of methods used, competency and quality of attained skills.

Teaching faculty and professionals addressed contents of curriculum, availability of reference materials and infrastructure with respect to curriculum delivery and effectiveness of evaluation methods.

Alumni and employers addressed the issues on adequacy of curriculum, sufficiency of content in the course, current professional standards and curriculum design with respect to real life situations and problem-solving approach.

Feedback Analysis

The data collected by the committee was consolidated, sorted and analyzed thoroughly following which the analysis report was drafted.

The areas of concern pointed out by various stakeholders were attended positively with care. Stepwise planned actions were taken for sorting and mending the concerns addressed at hand.
